Statement of the Foreign Ministries of Belgium, Czech Republic, Finland, France, Germany, Greece, Italy, Luxemburg, Netherlands, Portugal, Spain and Sweden on the announcement by the US to withdraw from the Open Skies Treaty

We regret the announcement by the US Government of its intention to withdraw from the Open Skies Treaty, although we share their concerns about implementation of the Treaty clauses by Russia.

The Open Skies Treaty is a crucial element of the confidence-building framework that was created over the past decades in order to improve transparency and security across the Euro-Atlantic area.

We will continue to implement the Open Skies Treaty, which has a clear added value for our conventional arms control architecture and cooperative security. We reaffirm that this treaty remains functioning and useful. The withdrawal becomes effective within six months.

Regarding issues on Treaty implementation, we will continue to engage Russia as was previously decided among NATO Allies and other European partners to address outstanding issues such as the undue restrictions to flights over Kaliningrad. We continue to call on the Russian Federation to lift these restrictions and continue our dialogue with all parties.
