

How do children experience our town
- what visions do they have ?

WARSZAWA

Phase I.

We will learn the basics of architecture, and of town planning. we will learn to see and to analyze our town.

Phase II.

Next we will concentrate on the area of Jazdow, where the children will tell us about their own visions for this unique place in our town.

Phase III.

In the final stage we will be designing the interior of a Finnish house and will group the different functions as whole together in one project
